## 2020 – What a Year

Fear, uncertainty and copious amounts of change have plagued us this year. With the COVID-19 Pandemic, social unrest and injustice, local fires which devastated our community, and a country politically divided, it's no wonder so many of us have felt that 2020 hasn't been the best of years. But several things have NOT changed. Our Child Care Center has REMAINED OPEN through all of this! Our amazing kiddos are still learning and growing. Our wonderful families are still expanding. Our dedicated staff is still working hard to ensure your child/children receive the best of care and education. We remain committed to doing whatever we can to keep all children and staff healthy and safe. Our many challenges are not magically going to disappear when the calendar changes to 2021. But we have learned from 2020. We have (nearly) made it through 2020. Let us MAKE 2021 better. Peace be with you and yours this Holiday season.

—Jaime Snider, director

# God is with us

Through the Christmas Joy Offering, we connect with young people attending Stillman College, Presbyterian Pan American School and the Menaul School. These schools support education and leadership development for students of color who will soon be leaders in our church and in the world. We also support retired church workers and their families who experience critical financial needs through the PCUSA Board of Pensions assistance program.

Please give generously in this season of Advent. When each of us does a little, it adds up to a lot.

Use the attached envelope to be part of the Christmas Joy Offering. Mail it to the church office at 85 South Holly Street, Medford OR 97501, or use the “donate” button on the homepage of our website, or just add a bit to your December pledge check and write “Christmas Joy” the memo line along with your pledge notation.
